Greetings CCOO;

Unifor Canada stands in solidarity with your 10,000 long-term care and home care workers in Spain in your fight for a fair collective agreement.

We fully support your demands for better working conditions, fair pay and an end to precarious work in this sector. For-profit long-term care operators are problematic around the globe and their refusal to negotiate is simply disrespectful to the workers who have cared for the most vulnerable through a humanitarian crisis.

We firmly believe that the conditions of work are the conditions of care, and we commit to support your struggle in any way possible.

In Solidarity

JERRY DIAS
National President
