MO UZO zaměstnankyň a zaměstnanců v sociálních službách

Prague

Czech care and social workers unionised in ALICE UZO, stand in solidarity with our colleagues and friends from CCOO. It is a disgrace that employers association is refusing to engage in collective bargaining. We support rightful demands of the CCOO for better working conditions of workers in care sector. We urge the employers to restart the negotiation to improve wages and working hours of essential workers in nursing homes and home care.

Yours

Nikol Hladíková
